Subject: -Loss to the public because the case was filed~

Compare this case to the Enron scandal!

Enron took action that sent their price per share to near zero!

Janet Reno filed an unnecessary case against Microsoft and sent their stock prices tumbling!

Government filed a case against big tobacco and sent their stock prices tumbling!

Enron had a lot of power and money!

GOVERNMENT has nearly endless power and money!

YOU tell ME, which has done more damage to the U.S. Citizen!

Get GOVERNMENT off Microsoft's back!

Sincerely,
Robert F. Delaney
